Meet the Amblecote SEN Team

SENDCo – Mrs G Dunckley

Welcome to Amblecote!

Please feel free to contact us with any questions or concerns, however big or small. The team aim to foster close relationships with parents/carers, and we are always happy to talk things through.

Mrs Gill Dunckley

SENDCo

**Working days – Monday, Tuesday,
Wednesday, Thursday**

Email: gdunckley@amblecote.dudley.sch.uk

Telephone: (main reception) 01384 818335

SEN & Pastoral Support – Miss A Edwards

Miss Edwards has specific training in nurture, trauma, attachment difficulties, bereavement and mental health. Being non-class based, Miss Edwards can offer support to any pupil across the whole school as and when required.

Miss Alyson Edwards

SEN & Pastoral Support - HLTA

**Working days – Monday, Tuesday,
Wednesday, Thursday, Friday**

Email: aedwards@amblecote.dudley.sch.uk

Objectives:

At Amblecote, our objective for all pupils with Special Educational Needs or Disabilities is to ensure that we address any barriers to learning that they may face. We are committed to the process of inclusion and endeavour to provide full access to the national curriculum for all. We seek to identify the needs of our pupils and respond with a range of teaching strategies to provide support that allows our pupils to be independent life-long learners, happy and healthy and achieve their full potential.

How do we identify Special Educational Needs in pupils?

There are systems and processes in place, which allow us to quickly identify children who may require additional support. Children could be identified for the following reasons:

- they are performing below age related expectations.
- they are not making expected progress.
- concerns have been raised by parents/carers of the child.
- concerns have been raised by staff.
- liaison with external agencies.
- due to a health diagnosis.
- we are alerted to possible social, emotional, or mental health issues.

Children will be monitored by their class teacher and the SENDCo through the 'Assess, Plan, Do, Review' Cycle. As a first step, children with cognition and learning needs will be assessed using Birmingham SEN Toolkits. A 'next steps' document will be generated and shared between SENDCo, class teacher and parent.

If children are still not making sufficient progress, then appropriate outside agencies may need to be involved to provide specific support. If the highlighted need is impacting upon the pupil's learning, they will then be placed on the SEND register. This is a collaborative process with parents. Once a child has been placed on the register, they will have an **Individual Target Plan (ITP)** written. This plan will be reviewed each term. These will be discussed with both pupils and parents/carers.

If the pupil is working at age expectations but requires social and/or emotional support within school, a **pupil passport** will be created with school and home.

This passport, capturing the child's voice, will clearly show:

- the pupil's specific need/diagnosis.
- how these impact upon their learning.
- difficulties they may face in the classroom/playground.
- strategies of support to reduce barriers to learning.
- strategies for the child to help support their needs.
- additional provision in place.

If a child has complex and significant SEND then an application will be made for an **Education, Health and Care Plan (EHCP)**. The decision made to provide support for pupils with additional needs is made through collaborative working with all agencies, including parents/carers and pupils.

What are Special Educational Needs and Disabilities?

There are four areas of need stated in the SEND Code of Practice 2014:

- **Communication and Interaction** - Difficulty with different aspects of speech, language or social communication.
- **Cognition and Learning** - Moderate and severe learning difficulties including specific learning difficulties such as dyslexia and dyscalculia.
- **Social, Emotional and Mental Health Difficulties** - Difficulties such as anxiety, depression or self-harming, etc.
- **Sensory and/or Physical** - Difficulties such as visual or hearing impairment.

At Amblecote Primary, the primary area of need is **Communication and Interaction**. Below, shows the breakdown of the four areas of need across the school.

Communication and Interaction	69% of our pupils on the SEND Register require support within this area of need. ➤ <i>Out of this percentage, 16% of pupils have a diagnosis of Autism Spectrum Disorder (ASD).</i>
Cognition and Learning	17% of our pupils on the SEND Register require support within this area of need.

Social, Emotional and Mental Health	11% of our pupils on the SEND Register require support within this area of need.
Sensory and/or Physical	3% of our pupils on the SEND Register require support within this area of need.

Provision is made for pupils whose needs fall into one or more of these categories. Although behaviour is not a category in itself, at Amblecote we feel poor behaviour is often an indicator to an unidentified SEND in one or more of these areas.

What additional resources are specifically related to the areas of SEND?

Communication and Interaction (ASD and SLCN)	Cognition and learning (MLD, SLD, SpLD)
<ul style="list-style-type: none"> Effective classroom teaching with use of visual cues and support. (Quality First Teaching) Communicate-in-Print 3 software to produce visual 	<ul style="list-style-type: none"> Effective classroom teaching with use of visual cues and support. ---	---

What is our Wave Provision for SEND children?

At Amblecote, we have four waves of provision.

Wave 1 (Quality first teaching)	Wave 2 (Teacher led with advice/support from the SENDCo)	Wave 3 (Teacher led with increased support from the SENDCo Individual Target Programme)	Wave 4 (SENDCo Led Individualised Programmes)
Action:	Action:	Action:	Action:
<ul style="list-style-type: none"> • Class teacher to have a discussion with parents/carers. • Summary of this discussion to be added to CPOMS • Differentiation outlined below. • Consider organisation, group support and resources 	<ul style="list-style-type: none"> • In addition to Wave 1 support 1:1 interventions • Group interventions • Work collaboratively with parents/carers and pupils • Interventions added to the Provision Map 	<ul style="list-style-type: none"> • In addition to wave 1 and wave 2 children will be added to the SEND register • An individual Target Plan (ITP) will be created • Class teachers are responsible for creating approximately three targets which are shared with parents/carers, pupils and Teaching Assistants • Parents/carers are involved every term with the SENDCo to share and discuss the ITP. • Outside agency involvement 	<ul style="list-style-type: none"> • In addition to Wave 1, 2 and 3 an application for an Educational Health and Care Plan (EHCP) is sought. • An EHCP is in place • Year 5 and 6 Learning Cave. • Annual reviews for children with an EHCP.

To view the whole school provision 'Wave System', please find the document under SEND on our school website.

All our children are taught through effective Quality First Teaching. Our teachers have high expectations, taking into account the different learning styles of children in their class and continually assessing them through assessment for learning. Differentiating the curriculum helps children to achieve their full potential.

When children with SEND need more than Wave 1 (Quality First Teaching), interventions are delivered in a variety of ways to meet the needs of the individual. These may be small group or individual time limited interventions that will either be delivered by a teacher or a school teaching assistant. These interventions will be monitored over a 12-week period to assess impact.

If your child's needs cannot be met through Quality First Teaching and class-based intervention groups, specialist input may be sought. This type of support is available for children to help identify specific barriers to their learning. Specialist professionals from external agencies may help by assessing children and offering specific targets and recommendations to be used within the classroom.

We use the expertise of the Dudley Services to assess and report on our children. These include Learning Support, Educational Psychology, Occupational Therapy, Physiotherapy, Physical Impairment Medical Inclusion, Child and Adolescent Mental Health Service and Autism Outreach Service to assess some children with specific concerns or needs.

Those children whose learning needs are significant and complex and as such, require more than 20 hours' adult support, may need individual, specific support provided by an Education, Health and Care Plan (EHCP). This means the class teacher and SENDCo will have identified your child as needing a particularly high level of individual or small group teaching which cannot be provided from the current resources available to the school. Applications for EHC Plans are sent to the Local Authority for consideration. Only children with the most complex and significant needs are granted an EHCP.

Who is responsible for SEND at Amblecote?

SENDCo, Mrs Gill Dunckley (gdunckley@amblecote.dudley.sch.uk), supported by Miss Alyson Edwards – SEN/Pastoral Support (aedwards@amblecote.dudley.sch.uk) are responsible for:

- Co-ordinating the support for children with special educational needs or disabilities (SEND) and developing the school's SEND policy to make sure all children get a consistent, high-quality response to meeting their needs in school.
- Ensuring that parents/carers are kept involved and informed about the support their children are receiving.
- Liaising with external professionals who may be coming into school to help support your child's learning, e.g. Speech and Language Therapy, Educational Psychology etc.
- Updating the school's SEND register (a system for ensuring all the SEND needs of pupils in this school are known) and making sure that there are excellent records of your child's progress and needs.

- Providing specialist support for teachers and support staff in the school so they can help children with SEND in the school achieve the best progress possible.
- Ensuring there is sufficient expertise in school and providing or facilitating training where required.

What expertise and staff training are available to support pupils with SEND?

The school is fully committed to working with other agencies such as health, social care, local authority support services and the voluntary sector.

Directly funded by the school:

- Educational Psychologist
- Learning Support Service

Paid for centrally by the Local Authority but delivered in school:

- Speech and Language Therapy (provided by Health but paid for by the Local Authority)
- Specialist Early Years' Service
- Dudley Disability Team
- Autism Outreach Service
- Hearing Impairment
- Visual Impairment
- CAMHS
- 'Reflexions' – part of CAMHS – Mental Health Support Team
- PIMIS
- Sycamore Behaviour Support Team
- Social Worker
- Stourbridge Family Centre/Family Support Worker

Provided and paid for by the Health Service but delivered in school:

- School Nurse/Health Visitor
- Continence Team
- Occupational Therapy
- Physiotherapy
- Wheelchair Services

Voluntary organisations

- What Centre, Stourbridge

- SENDIASS (Special Educational Needs and Disabilities Information Advice and Support Service) formerly Dudley Parent Partnership

There is a wealth of experience amongst the teaching staff and training has included ASD (Autistic Spectrum Disorder), Attachment Disorder, Social Stories, Lego Therapy as well as interventions including Precision Teaching and supporting pupils with learning and memory difficulties.

Special Educational Needs and Disabilities Information Advice and Support Service (SENDIASS) – 01384 817373

How is progress monitored?

In accordance with the SEND Code of Practice (2014) the process for responding to children identifies as needing additional support, follows the four-step cycle called the Graduated Response.

- **Assess** - The child is assessed thoroughly to identify key areas of need.
- **Plan** - Plan provision that is needed to scaffold the child's learning.

- **Do** - The support planned is put in place and monitored over a period of time.
- **Review** - Review progress against the child's targets.

Your child's progress is continually monitored by his/her class teacher. Their summative progress is reviewed every term and an age-related assessment is given. This is the case for all children in school.

Children on the SEND register will have an Individual Target Plan (ITP) or Pupil Passport which will be reviewed termly and the plan for the next term made. The progress of children with an EHC Plan is formally reviewed at an Annual Review with all adults involved with the child's education. The Class Teacher and SENDCo will also, through progress meetings, check that your child is making good progress within any individual work and in any group that they take part in.

How do we involve pupils and parents?

- The class teacher is regularly available to discuss your child's progress or any concerns you may have and to share information about what is working well at home and school so similar strategies can be used.
- The SENDCo and/or Pastoral Support is available to meet with you to discuss your child's progress or any concerns/worries you may have.
- All information from outside professionals will be discussed with you with either the person involved directly, or where this is not possible, in a report.
- A home/school contact book may be used to support communication with you, when this has been agreed to be useful for you and your child.
- Teachers will meet with both parents/carers and children to discuss Individual Target Plans termly.

What are the accessibility arrangements at Amblecote Primary School?

- The building is accessible to children with physical disability via ramps. All areas of the school are fully accessible to children with disabilities.
- We ensure that equipment used is accessible to all children regardless of their needs.
- After-school provision is accessible to all children including those with SEND.

- Extra-curricular activities are accessible for children with SEND. It may be necessary to make an individual risk assessment for some children for some activities. If this is necessary, we will discuss this with parents.

How do we support transition?

We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.

If your child is moving to another school:

- We will contact the new school's SENDCo and ensure they know about any special arrangements or support that needs to be made for your child. We will make sure that all records about your child are passed on as soon as possible.
- When moving classes in school:
Information will be passed on to the new class teacher in advance and a transition meeting will take place with the new teacher.
A transition timetable will be established.
A transition book/social story may also be used to help your child cope better with the changes.

In Year 6:

- The SENDCo will arrange a meeting with the secondary school to discuss the specific needs of your child and provisions in place.
- Where possible your child will visit their new school on several occasions and in some cases staff from the new school will visit your child in their present setting.
- If a transition book/social story would help your child then this, alongside a transition timetable, will be established.
- Your child will complete focused tasks about aspects of transition to support their understanding of the changes ahead.
- All paperwork will be passed on to the new setting.

How do we support Looked after Children (CLA) with Special Educational Needs or Disabilities?

A large percentage of CLA have some SEND. This makes them vulnerable both academically, emotionally and socially. We recognise this at Amblecote Primary School and work hard to support all our children.

All our CLA have education meetings (either termly or 6 monthly depending on the child's local authority) when their Personal Education Plan (PEP) is reviewed. At this meeting, core professionals and carers meet to discuss and review previous targets and set new ones. We ensure that these targets are the focus of the child's provision. The child's pupil premium allocation is also discussed and agreed how this will be spent in the meeting.

The governor for CLA pupils is Mrs Claire Roberts.
(croberts@amblecote.dudley.sch.uk)

What complaints procedures are in place for parents of pupils with SEND?

If you have concerns about your child's progress, you should speak to your child's class teacher initially. If you are not happy that the concerns are being managed and that your child is still not making progress, you should speak to the SENDCo or Head Teacher (info@amblecote.dudley.sch.uk).

If you are still not happy, you can speak to the school Chair of Governors, Mrs Claire Roberts (croberts@amblecote.dudley.sch.uk).

Complaints procedure available on the school website or by following this link <https://www.amblecote.dudley.sch.uk/wp-content/uploads/2022/11/School-Complaints-Procedure-for-website-2022.pdf>
